

CAMDEN **DISABILITY** ACTION

Leadership Programme

Camden Disability Action wants to do some work with people who want to change things for Disabled people.

We are calling this work a **leadership programme.**

In this programme, we will support Disabled leaders to make the changes they want to make.

Do **you** want to make things better and fairer for Disabled people in Camden?

If you do, then this programme will give you a chance to make change happen!

To get a place on the programme you need to fill out this form.

And you need to send it to Carly Halpin by May 31st.

This is Carly's email:

carly@camdendisabilityaction.org.uk

If you find it hard to fill out this form, then Carly can help you with it.

You can call her on:
07908 747 007.

Or you can record your answers and send the recording to Carly.

We will read all the applications and pick some people to have interviews.

The interviews will take place by phone or zoom on June 2nd.

We will then pick **6 people** to be leaders.

We will let you know on June 7th if you are one of the 6 people.

If you become a leader, you will need to do the things in the list below.

1. Join 3 training sessions on:

15th June

22nd June

29th June.

2. Join in a meeting with other Disabled leaders once every 2 months.

3. Make a plan that says what you want to change and how you will make change happen. A coach will help you with this.

4. You will need to work with the coach and with your group. Sometimes you will help others and sometimes they will help you.

5. But you will also need to work on the plan by yourself.

6. You will get money from CDA to spend on training if you need it.

7. At the end of the project you will make a report and presentation.

The report and presentation will tell people about:

- Your plan

- Your leadership goals

- The changes that you made

- How your experience as a Disabled person helped you be part of this programme

- What parts of the programme helped you

8. You will go to a meeting in February 2021 to tell people what you learned on this programme.
