Leadership Programme

Are you a Disabled person?

Do you live in Camden?

Do you want learn skills to be a leader?

Yes?

Join the Leadership Programme now

We know many people don't like to be called Disabled.

When we say Disabled people we mean something new.

Nobody is disabled, but the world disables all of us unfairly with barriers.

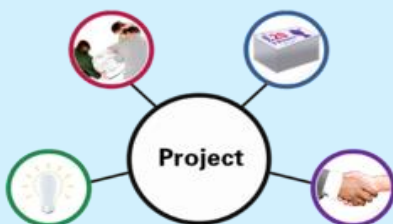

Coming together we can have pride in who we are.

Together we have more power to fight for justice and make changes.

CDA is looking for Disabled people to join a **Leadership Programme**.

You will learn leadership skills and lead a real change.

CDA works with people to make **change projects**

In a change project you look at a problem and what you can do to change it

We need 6 Disabled people to join our new leaders on one of these change projects:

Employment

Do you want bigger and better futures for young people?

This project aims to show schools and employers that Disabled people should have the same chances to get a job as non-disabled people

Access

Do you want to make sure that everyone can get into places and enjoy the same things?

This project aims to make places in Camden and Islington more accessible to Disabled people

Leaving Hospital

Do you want to help improve care and support for Disabled people after a hospital stay?

This project aims to find out what happens to Disabled people when they leave hospital. It works with professionals to make better plans.

How does the leadership programme work?

You will get leadership training and coaching support for 10 months

Training starts in **April 2021**

The program ends in **March 2022**

You will join a project, share your ideas, and work together to make a change

All sessions are on Zoom.

We hope to run in-person sessions in the future.

It takes about 2 hours a week to do your project tasks.

If you have access needs we will make sure you can take part.

You might not have been a leader before. That's OK.

We are looking for people who want to improve their skills
